DEPARTMENT OF SOCIAL SERVICES

Date: January 11, 2023
To: Assisted Living Facilities and Adult Day Care Centers
From: Tara Ragland, Director, Division of Licensing Programs
RE: Infection Prevention and Control Education and Training Survey Request

On October 24, 2022, the Virginia Department of Social Services (VDSS) Division of Licensing Programs (DOLP) issued a memo to providers announcing our receipt of an additional grant in partnership with Health Quality Innovators (HQI) through the Virginia Department of Health (VDH). This grant will provide essential infection prevention and control support to licensed adult care providers throughout the Commonwealth to mitigate infectious and communicable diseases.

The VDSS DOLP Infection Prevention and Control Team (IPCT) is available to conduct on-site education and training for frontline staff at assisted living facilities (ALFs) and adult day care centers (ADCCs). In order to determine interest and gauge your educational and training needs, we request that you complete a survey by January 18, 2023 by using the link [here](#) or by scanning the QR code below.

The information gathered will not be used in a punitive manner but will ensure a thorough assessment of the educational needs regarding infection prevention and control. This will help VDSS build a training program applicable to provider needs.

We are excited about this opportunity to provide training and support to you and your staff and look forward to assisting you in the vital work of mitigating the transmission of infectious and communicable diseases. Thank you for your continued support.

For more information on the Virginia Long-Term Care Infrastructure Pilot Project (VLIPP) grant or this request, please reach out to us at IPCTeam@dss.virginia.gov.
