The type of license/permit/certificate/exemption or type of home provider must be indicated (providers must check only one box). **Include a copy of the applicable license/permit/certificate/exemption letter with the application.** The following definitions are provided to assist providers with identifying their type of child care arrangement.

NOTE: Unlicensed family day home and local government approved recreation programs will NOT have a license/permit/certificate.

Level 1, Unlicensed & Unregistered Vendor:

- a) **Unlicensed Family Day Home** The provider is typically known to the family as a friend, relative or neighbor who provides care in their home or the home of the child. The provider is not required to be regulated or licensed. The provider can legally provide care for no more than four children, in addition to the provider's own children or children residing in the home, or no more than four children under the age of two, including the provider's own children or children residing in the home, at any one time. Homes that exceed capacity are operating illegally. **In-Home Child Care** Child care is provided in the home of the child and parent when all the children in care reside in the home and the vendor does not live in the home. There are no licensing regulations for this type of care. The person may or may not have credentials or formal training in early childhood education. As the employer, the parent is responsible for finding someone who matches their requirements.
- b) **Local Government Approved Recreation Program** Section 63.2-1717 of the *Code of Virginia* allows a program of recreational activities offered by local governments, staffed by local government employees, attended by school-age children, and subject to safety and supervisory standards established by local governments to be exempt from licensure.

Level 1, Unlicensed (but regulated) Vendor:

- a) **Certified Preschool** Section 63.2-1717 of the *Code of Virginia* allows preschool programs operated by private schools that are accredited by a statewide accrediting organization (or another accrediting organization recognized by the Board of Education) to be exempt from licensure. In order for preschool and nursery school programs operated by accredited private schools to be certified, certain information must be filed with VDSS before the beginning of the school year or calendar year. That information must be filed annually thereafter.
- b) **Religiously Exempt Child Care Center** Child care centers operated by religious institutions may be exempt from licensure, per § 63.2-1716 of the *Code of Virginia*, if the religious institutions submit certain documents to the Virginia Department of Social Services prior to opening the child day center and then annually prior to the expiration date of their exemption.
- c) **Voluntarily Registered Family Day Home** A family day home serving fewer than five children, exclusive of the provider's own children and any who reside in the home, that becomes state registered on a voluntary basis using approved standards.

Level 2, Licensed and Approved Vendors:

- a) **Licensed Family Day Home** The *Code of Virginia* mandates the licensure of family day homes that provide care for five to twelve children (exclusive of the provider's own children and any children who reside in the home). The care may be offered in the home of the provider or in the home of any of the children in care.
- b) **Licensed Child Day Center** Child day centers are child day programs offered to (i) two or more children under the age of 13 years in a facility that is not the residence of the provider or of any of the children in care or (ii) 13 or more children at any location. A child day program is a regularly operating service arrangement for children where, during the absence of a parent or guardian, a person or organization has agreed to assume responsibility for the supervision, protection and well-being of a child under the age of 13 years for less than a 24-hour period.
- c) **US Department of Defense Approved** Child care centers approved and operated by the Department of Defense on military bases.

- d) **Licensed Family Day System Approved Family Day Home** The *Code of Virginia* requires licensure of any person who approves family day care homes as a member of its system and who refers children to available day care homes in that system. The system refers children to member homes, as well as provides the operators with training, technical assistance and consultation, inspection, supervision, and monitoring. The system is also responsible for referring children to available health and social services.

NOTE: The only licensed Family Day Home System in Virginia is operated by Infant/Toddler Family Day Care.

- e) **Local Ordinance Approved Meeting Minimum Standards** A child care program approved under local ordinance according to § 15.2-914 of the *Code of Virginia*. Currently three localities (Fairfax, Alexandria, and Arlington) approve providers under local ordinance.

PART B: The child care subsidy program must have a list of the provider's private pay rates and other child care fees. The provider must either choose to attach a copy of their private pay rates to the application OR complete the *Child Care Rates* form. All of the rates must be provide before the provider can be approved to receive payment for child care services provided.
