

# COMMONWEALTH of VIRGINIA

## DEPARTMENT OF SOCIAL SERVICES

November 29, 2017

Dear Vendor:

Please be advised that the Social Science Research Center of Old Dominion University (ODU) will be contacting child care programs across Virginia requesting current rate and service information. The survey is a federal requirement of the Child Care and Development Fund (CCDF), the major funding source for the Virginia Child Care Subsidy Program. The telephone survey will be conducted by ODU from November 27, 2017 through February 28, 2018.

Once the results are received and tabulated, the data will be used to determine the cost of care by locality throughout the Commonwealth. This data is also used to make informed decisions about changes to the Maximum Reimbursable Rates (MRR), when funding is available.

We thank you in advance for your cooperation as our Division of Child Care and Early Childhood Development (CCECD) is committed to the quality, availability and affordability of child care in Virginia.

Sherri Williams, Program Consultant  
Division of Childcare and Early Childhood Development
