

About PMAT

PMAT Course:

The PMAT Course trains providers in child day programs, who do not ordinarily administer medications but who supervise children (e.g., bus drivers), to administer an emergency injection of epinephrine using an auto-injector device (EpiPen) and/or to apply prescription topical ointment or cream (e.g., diaper ointment). The PMAT class can be completed in 2 hours. Class size is limited to 25 participants.

Who Should Attend?

Providers or staff members who do NOT ordinarily administer medication but who supervise children who may need to administer an emergency injection of epinephrine using an auto-injector device (EpiPen) and/or providers or staff members who supervise children who may need the application of prescription topical ointments or creams.

PMAT Course Requirements:

To attend the PMAT course a child care provider or employee of the program must be:

- at least 18 years old,
- literate (able to read and write) in English,
- have current certification in first aid, and
- have current certification in cardiopulmonary resuscitation (CPR).

Renewal:

The training certificate for the PMAT course expires after three (3) years. There is no renewal of the PMAT certificate. The PMAT course must be attended at three year intervals.
