

REPORT OF TUBERCULOSIS SCREENING
(Subsidy Inspection Requirements for Family Day Homes VENDHOM-000-(2)-007.)

Appendix A of the Subsidy Vendor Agreement requires that staff submit a report indicating the absence of tuberculosis in a communicable form. Each report must be dated and signed by the examining physician, the physician's designee, or an official of a local health department. When signed by the physician's designee, the form must also identify the physician/physician practice with which the physician –designated screener is affiliated.

Name: _____ **Date of Birth:** _____

Address (Street, City, State, and Zip Code): _____

1). _____ A tuberculin skin test (PPD) is not indicated at this time due to the absence of symptoms suggestive of active tuberculosis, risk factors for developing active TB or known recent contact exposure.

2). Tuberculin Skin Test (PPD): Date given: _____ Date read: _____

Results: _____ mm Positive: _____ Negative: _____

3). _____ The individual has a history of a positive tuberculin skin test (latent infection). Follow-up chest x-ray is not indicated at this time due to the absence of symptoms suggestive of active tuberculosis.

4). _____ The individual either is currently receiving or has completed medication for a positive tuberculin skin test (latent TB infection) and a chest x-ray is not indicated at this time. The individual has no symptoms suggestive of active tuberculosis disease.

5). _____ The individual had a chest x-ray on _____ (date) at _____ (location) that showed no evidence of active tuberculosis. As a result of this chest x-ray and the absence of symptoms suggestive of active tuberculosis disease, a repeat film is not indicated at this time.

Based on the available information, the individual can be considered free of tuberculosis in a communicable form.
