You do **not** need to submit your appeal request on a specific form.

You MUST provide the following information in order to prevent a delay in processing your appeal:

1. Your name and address;
2. Case number, client number or other self-identifying information;
3. WHAT you are appealing (What Program does this involve? What did the local agency do or did not do to your case);
4. WHY you are appealing (Why you disagree with what was done to your case);
5. WHICH local agency took the action you are appealing; and
6. If you would like your benefits continued during the appeal process.
(Please be aware that we can only continue your benefits if they were affected during your certification period and if you appealed within the applicable time frame.)

Once we receive your appeal, we will assign it to a Hearing Officer.

A Notice of Fair Hearing will be mailed to you by the AFH Unit ten days prior to your hearing date. It will give you instructions for participating in the hearing.

If you have any questions or would like to check on the status of your appeal, you may call us at (804) 664-0612 or email us at appeals@dss.virginia.gov.

Please note: Medicaid appeals are handled by the Department of Medical Assistance Services which is a separate agency.
